## Song Crafting and Music Production Services by David C. Smith

"I was absolutely delighted with David's work on my song, 'Under My Immaculate Mantle.' He totally captured what I was looking for in the sounds he produced and the atmosphere I wanted to create."

**Susan Bailey, Artist**

"Dave is an incredible musician and joy to work with. With Dave's help, my song became everything I knew it could be. I sent the new cut to ChristMusic Publishing and the response has been very positive."

**Paul Hilts, Songwriter**

"David has been a pleasure to work with from beginning to end. He has fantastic production chops, and the end result (of my very complicated project) has been all out spectacular. I couldn't be more pleased."

**Nick Alexander, Comedic recording artist**

"He is an amazing person with a great heart for God and the finest musician/producer I've ever known. What he can do for your songs is what major label producers are doing for contract recording artists in L.A., Nashville and NYC."

**Nick Cardilino, Artist**

"I had Dave produce my latest CD, 'Life Life with Christ.' What I liked most about working with Dave was his talent and hard work, his steadfastness, his wonderful string arrangements and backing vocals, plus his kind and gentle demeanor. I highly recommend him."

**Ned Tonner, Artist and CM 24/7 co-founder.**

"Dave offered invaluable advice on several tracks on my previous CD, and as a result, the songs were much stronger lyrically and musically. I'm already working with him again on my new CD."

**Matthew Baute, Artist**
